

For museums, galleries, contemporary art centers, exhibition organizers and biennale, art dealers, collectors.

The exhibition of works by Tatyana Sokolova can be organized in three ways.

Option 1. Exhibition of full-scale reproductions

After determining the subject of the exhibition and selection of works, the organizers are sent files of paintings in EPS and JPG format with the indication of the sizes and material on which you want to print reproductions.

In this case, the organizer receives a full-fledged exhibition and does not bear the costs of delivery and insurance of paintings, payment of travel expenses and residence of the artist and his team.

The artist's fee for the exhibition is discussed separately.

Option 2. Exhibition of original works.

The organizer pays for the delivery and insurance of paintings (round-trip), pays for travel expenses and accommodation for the duration of the exhibition of the artist and his team (3 persons).

The artist's fee for the exhibition is discussed separately.

Option 3. Conceptual exhibition.

This version of the exhibition can be realized in any space, depending on the context of the exhibition. All variants can be configured as a constructor for a specific place.

The costs of the organizers include the same expenditure as in option 1 - remote author's supervision, or as in option 2 - personal author's supervision.

In addition, depending on the specific concept, additional costs for materials for the creation of exhibition space may be required.

All these costs, as well as the artist's fee, are specified after determining the concept, style and size of the exposition.
